We look forward to evaluating your child. Enclosed is a packet of information and parent/teacher evaluation forms that will allow us to serve you better in evaluating your child for possible Autism Spectrum Disorder. It is important that you read this material and follow all instructions so that we can be of utmost help to you and your child.

**Patients needing a first evaluation for possible ASD.**

Our ASD screening process consists of gathering all relevant information concerning your child's medical, academic, family, and social history. Upon receipt of the information, our SMART team will assess the data. Our team will then contact you or your provider regarding next steps.

1. Parents/Caretakers, please complete and return to our office the following forms (enclosed)
   - Authorization for Release of Records
   - SMART demographics Form
   - SMART team evaluation form

2. Give to your child's current teacher(s) the SMART team evaluation form.
   - It is your responsibility to ensure the school returns these forms to our office prior to your appointment.

3. Provide our office with copies (no originals please) of:
   - Report Cards from kindergarten to present. If you do not have these please obtain them from your child's school.
   - Reports of any standardized school testing such as WASL, Iowa Test of Basic Skills, etc.
   - Reports of any testing done by school psychologists, occupational, language, or physical therapists
   - Copies of any 504 plans or IEP's
   - Reports of any previous evaluations by physicians, psychologists, or psychiatrists.

Please bring the completed packet to Northwest Pediatric Center, 1911 Cooks Hill Road, Centralia Wa 98531. If other arrangements need to be made please call, 360-623-1179. Thank you.
